distortion of scale
analogous to spacial
misrepresentation of time
through subjective
history. lebensraum.

left : territory manna-
hatan 1874 .city grid and
broadway . imposed
synthetic cartesian
matrix relative position
xyz. collage of visual
layers develop over time
within matrix. 1. finite
homogeneous ground.
2. growth and shrinkage
of built form . matrix
coordinates position and
orientation. location of a
point in space through
intersection of 3 lines.
mapping . abstraction
through reduction of
scale to coherent size.
imposition of mapping
grid. control in
coordinates translation
from sphere to plane.
geometry + convention
versus geography.
result. distortion of land
masses as irregular mis-
representation of reality.
inconsistency in scale
as distortion from a point.
right: 2 first. maps
distortion from a point
